**Stop Telling Patients About Their Dental Insurance!  
 It's Not Your Plan!**

For over a decade this text continues to be the benchmark for streamlining and simplifying the reimbursement process. Both clinical and administrative issues are addressed from the perspective of overall accountability, as well as profitability.

In a perfect world every dentist will have a 100% fee-for-service practice, all patients will pay cash at the time of service and the appointment book will never be empty. **Fee-For-Service Dentistry With A Managed-Care Component** has taken the political and emotional complications out of the ever changing and evolving system of market driven health care.

This 306 page text teaches the administrative team to manage multiple reimbursement systems while freeing the clinical team to deliver only the utmost level of quality dental care.
